Welcome and Overview

Once you've completed your payment, you'll arrive at the "My Account" page. The training hub is accessible from here. This is where you'll find videos along with other resources.

You can Create an Organiser Profile and Events

The 2 main perks of membership are:

1. **Create Your Organiser Profile -** Set up your personal or business profile.
2. **Create an Event** - Start sharing your events, workshops, lessons, get togethers.

Introduction to the Connections Page

The "Connections" page is designed for you to:

- List yourself and your interests.
- Write a bio about yourself.
- Link to other projects or activities you are involved in.

You can update this information anytime to keep your profile current.

The Connections Page

- For the connections page, you can create a profile that allows others to find you by searching your name. It's like a bio. You can explain your modalities, interests and a bit about you.
- Once your profile is set up, it will appear in a searchable grid format, making it easy for others in the community to connect with you.

Create and Manage Events

- Creating an event is straightforward. You can learn about that in the video below.
- Events are featured in the "What's On" section of the platform, which includes a calendar view.
- The monthly view is particularly helpful for visualising upcoming events, with dots representing each scheduled event.

Features of the 'What's On' Calendar

- The calendar provides an overview of community activities. You can click on individual events for more details.
- Each event can include pictures, descriptive text, and links back to your own website or ticketing page.

This training hun should help you get started with creating your profile and events. Enjoy connecting with others and sharing your activities!

Community Guidelines and Expectations

Importance of Maintaining a Kid-Friendly Environment

Given the variety of events we host, like homeschooling activities, it's crucial to remember that children may visit the site. We encourage all participants to keep content appropriate for all ages.

Encouragement for Good Faith Participation

> *"We really just hope that everyone's going be able to be here in good faith." We trust our community members to engage with honesty and integrity. Bega Valley Thrives when everyone contributes positively and constructively.*

Monitoring and Moderation of the Platform

We regularly review the content shared on the site, ensuring it remains appropriate and aligns with our values. While we prefer not to intervene heavily, we do perform checks to maintain standards.

> *"...we will be checking it out a couple of times a week just to see that everything's above board and good hearted."*

Thank you for being a part of this vision.
